

When I Build My House – as sung by Parachute Express

When I build my house

It's so much fun

With the help of you

We'll get it done

When we build our house

We'll need some wood

We will...

When we build our house

When we build our house there's so much to doooooooooooooo,
Won't you come along and help me too.

When we build our house

We'll need some nails

We will...

When we build our house

When we build our house there's so much to doooooooooooooo,
Won't you come along and help me too.

Repeat with

When I build my house

It's so much fun

With the help of you

We'll get it done!

When we build our house

We'll need some wood

Saw the wood
Saw the wood
Saw the wood

When we build our house

We'll need some nails

Hammer the nails
Hammer the nails
Hammer the nails

Pour cement
Lay the bricks
Roll the paint

And finally, we'll get it blessed. We will....Call the Priest x3
